

Gorge Metro Park

The beauty of a deep gorge cut by the waters of the Cuyahoga River.

Gorge Metro Park offers beautiful riverside scenery and the facilities to enjoy it! An observation deck along the river overlooks a waterfall created by a hydroelectric dam. The park also offers a wheelchair-accessible fishing dock that extends over the Cuyahoga River. Be sure to visit Mary Campbell Cave, a natural stone overhang along the riverbank that was named for a pioneer girl who was captured in Pennsylvania by Delaware Indians and brought to the cave, where she lived for five years.
