

Looking for a service project for your co-workers or group? Group projects with Summit Metro Parks are generally scheduled from late March through early October.

If you have a group that is interested in a service project, please email dday@summitmetroparks.org.

We will need the following information in order to research a project to propose to your group:

- Group Name
- Main contact information (name, phone, and email)
- Preferred dates and times (include if a weekday/weekend is needed as well as length of service, full or half day)
- Approximate number of participants (youth, adult)
- Preferred location if any
- We also require each participant to complete the appropriate waivers and releases. These forms will be emailed to you once a project is confirmed. The completed forms should be brought with you and returned to staff upon arrival at your project.
- Any other information that you think would be helpful in researching potential opportunities, such as:
 - The purpose of your project
 - Requirements of your program
 - Areas of interest
- To propose projects, we need at least 4-6 weeks advance notice. For larger groups, please allow more time.

If you are interested in a project, please provide responses to the requested information above to dday@summitmetroparks.org.

If a project is secured, then confirmation materials will be emailed directly to the group coordinator with a map, directions, forms, and full contact information of the staff point person for the project as well as any other information that will help make the day a success. Please allow 1-2 weeks to process your request.

Thank you again for your interest. We look forward to working with you to find your group a meaningful volunteer service project.
