

JOB DESCRIPTION

- TITLE:** Park Biologist
- STATUS OF EMPLOYMENT:** Seasonal - 12 weeks
- SALARY CLASSIFICATION:** Hourly - Grade C
- BENEFITS:** Public Employment Retirement System (PERS)
- PROFILE:** Assigned to the Conservation Department.
- Duties include:
1. Performing wetlands, forestry and other floristic surveys;
 2. Performing wetland and stream delineations and assessments;
 3. Locating rare species;
 4. Collecting and preparing specimens and voucher labels;
 5. Data entry;
 6. Recording natural and cultural features using GPS technology and assisting with the preparation of maps as needed to illustrate geographically referenced data (sample stations, locations of rare species, etc.);
 7. Assisting with wildlife management projects, such as bat, turtle and snake surveys;
 8. Assisting with the implementation of conservation projects, including invasive species control and bee hive management;
 9. Assisting with Citizen Science Programs (requires ability to supervise volunteers).

QUALIFICATIONS: High school graduation or GED required. Understanding of biology, botany, ecology, and ecosystem management, typically demonstrated through related college education or professional experience.

CONDITIONS OF EMPLOYMENT:

Must be 18 years or older. Must successfully complete a one-month probationary period. Must be comfortable working alone, in all weather conditions and carrying light field equipment (40 pounds) for extended periods. Must be available nights and weekends as needed to complete job assignments.

CONTACT:

Send completed application to employment@summitmetroparks.org. Phone calls will not be accepted.

CLOSING DATE:

Open until filled.
